DETAILED ACTION

This Office action is responsive to communication received 08/14/2006 –
Amendment.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Mason (Reg. No. 22,948) on September 01, 2006. During said interview, it was noted that in claim 24, line 11, the term "striking" should read - -initial impact- - in order to provide consistency with similar language recited in the remaining claims and to provide the proper antecedent basis for the language in claim 24.

The application has been amended as follows:

IN THE CLAIMS:

Claim 24 – line 11, "striking" has been CHANGED to --initial impact--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-7, 16-18, 24 and 26-32 are allowable over the prior art references of record because it would not have been obvious to modify any of the prior art devices of record to include a club head having a composite core with a sheath attached thereto, said club head

Art Unit: 3711

having a resilient and non-resilient area, as specifically outlined in claim 1. Moreover, the prior art of record does not obviate the combination of a putter head having a non-resilient core and a resilient sheath enclosing said core except at a forward section, as specifically required by claim 24. Applicant's arguments provided on page 7, lines 7-9 and page 8, lines 4-6 of the remarks received 08/14/2006 are deemed persuasive. Pages 7 and 8 have been marked as such in the lower central portion of each respective page in the 08/14/2006 response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
